

Multimedia Video interface JEEP Renegade Uconnect 5 inch incl. iPAS

Art. Nr: IF-UCON-G2PV

General

The NavInc interfaces allow for connecting video sources to the original navigation system of JEEP Renegade with Uconnect (5 inch) system

The interface ensures that an input is created on the original navigation system, on which various external video sources can be connected (e.g. DVD player, DVB-T TV, iPod, reversing camera, external navigation systems, etc.). The images will be displayed on the navigation screen. The audio of the video sources must be submitted via an AUX input or FM modulator.

Features

- RGB input (Connecting external navigation system)
- 2x Audio/Video input (connect video sources, TV / DVD / iPod)
- Camera input (connecting reversing camera)
- Front camera input
- Video output (connect headrest screens)
- NTSC support
- Audio output (audio link to the original audio system)
- Image retention while driving
- Adjustable parking lines
- Can be extended with touch screen (controls of A/V source via touch screen)
- CE-approved

Activatie

It is possible to switch between the video sources with the delivered button and/or remote control or through the steering wheel button:

APPS button

APPS short: back to OEM

APPS long: toggle between RGB-AV1-AV2-AV3-RGB

Camera function

Via the camera input of the interface an aftermarket camera system can be connected to the navigation system. The camera image will be displayed automatically on the screen when the car is put in the reverse gear.

Front camera function

Via the front camera input of the interface an aftermarket front camera system can be connected to the OEM system. The camera can be activated via the RETURN button. The camera input will automatically switch back after 10 seconds.

Parking guidelines

In the camera image on screen parking guidelines can be displayed. This makes it much easier to determine the distance to the object you are driving towards. The guidelines are adjustable horizontal as well as vertical so the lines can be adjusted to the car.

Intelligent Park Assist System (IPAS)

The interface have also the Intelligent Park Assist System (iPAS). With this function the guidelines will respond on the steering wheel position. The guide lines are adjustable horizontal and vertical via the interface OSD menu.

Video output

The video output connection can be used for linking headrest monitors or roof monitors. Sources connected to the interface will also be shown on the screens in the back.

The following is provided in the set:

- NavInc Video interface
- Cable set
- Installation- and user manual
- Warranty
- Invoice

Product specifications

Voltage: 12V - 24V DC

Voltage-operating capacity: 8 - 18V DC

Standby current: 0 mA

In combination with the following head-unit:

Uconnect 5.0" system Radio

Uconnect 5.0" system Radio LIVE
