**APPplay**  
smartphone integration

## NOTES

- Android phone tend to have 2 different battery charge settings: Optimized & Fast. APPplay DOES NOT provide fast charging. To use Android AUTO without battery drain, it is recommended to get a wireless charging pad.
- The audio output from the APPplay must be connected with the media source of the car, for example with AUX input, AMI input or USB (AUX2USB adapter) to hear the sound of the APPplay module through the car speakers.
- Installing this product will not require any coding.
- Installing this product will not void the Warranty of the car.
