LEGAL INFORMATION

The driver of the vehicle should not be inferred from the motion images. In many countries, watching movies while driving is prohibited. Therefore we accept no responsibility for material or personal injuries, directly or indirectly, due to installation of the interface modules.

Interface and Software basic information:

The NavInc interfaces are no navigation systems or screens to replace the navigation system. The NavInc interfaces enable the possibilities to connect different Audio/Video sources to the navigation system.

Manufacturers create adjusted software and hardware versions, options and enhancements which ensures that the compatibility of the products cannot be guaranteed 100%. Compatibility lists are based on customer feedback and

experiences and will constantly be updated for optimal customer support.

COMPATIBILITY

CAR

This kit is compatible with the following models:

Jeep Renegade 2021> - Uconnect (8.4")

REQUIREMENT

AUDIO OUTPUT	The interface inserts ONLY video signals into the infotainment. It is essential to have an Aux-in, when using audio from an external AV source.
CVBS	Only compatible with NTSC sources.
SCREEN	Interface is compatible with 8.4 inch Uconnect only
GUIDELINES	iPAS & Static lines are not available
iPAS	iPAS option is not available
PIP	Parking sensor overlay option is not available
REAR SELECT CAMERA INPUT	Rear select only works via the rear detection wire.
INSTALLATION	We recommend that the installation will be performed by a qualified specialist
NOTE	The first cm in the top of the screen not part of the camera screen so it won't show camera picture in this area. There are two version screen, one of them has a small black line on the left.
